FLOWERS

papercraft by guardabosques

What you need:

♥ Tools: scissors or utility/craft knife; all-purpose glue or school glue; and perforation cutter (optional).

♥ Print in Letter-size paper. Ideal paper weight: 150 to 200 GSM. Please notice which pages have a front and back side to print on the same sheet.

———— cut

- - - - mountain fold

- . - . valley fold

Assembling tips:

♥ Mark the dotted lines with the backside of a cutter's cutting edge or a ballpoint pen without ink if you don't have a perforation knife. It is recommended that you mark the lines before cutting the outlines.

♥ Cut the pieces as you need them, so you don't lose the references.

♥ Stick one flap at a time using small amounts of glue. Press for a few seconds to make sure each one is well glued.

INSTRUCTIONS.

FLOWER A.

STEP 1: Petals. Paste pieces A1, A2 and A3 on top of one another as shown in this graphic.

It should look like this.

STEP 2: Stem and leaves. Fold pieces A4, A5, A6 and A7 in half, pasting their white sides together.

Join the leaves where referenced on the stem, then paste the flower on top on the opposite side and it's ready!

FLOWER B.

STEP 1: Petals. Paste one segment at a time of piece B1

It should look like this.

STEP 2: Stem. Fold piece B2 and paste its white sides together. Make sure to not glue the upper side, and leave it as shown in the picture.

Join the leaves where referenced on the stem.

Paste the stem to the flower as shown in the picture, and it's ready!

FLOWER C

STEP 1: Stamens. Paste the tab of piece C3 indicated in the graphic. Then close the bottom with the circular base.

STEP 2: Petals. Paste the tab indicated in this picture of piece C1, then paste the base, leaving the tabs on the outside bottom. Repeat the same for piece C2.

Paste pieces C1, C2 and C3 one on top of the other.

It should look like this.

STEP 3: Stem. Fold piece C4 and paste its white sides together.

Join the leaves where referenced on the stem, then paste the flower on top of the opposite side and it's ready!
